

Plate 374. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 south, Lathes and Milling. West elevation showing the windows, main and single side doors

Plate 375. Bldg. 361 Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north general metalwork. View to north into the workshop from Zone 5 south

Plate 376. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View of the north elevation rooms

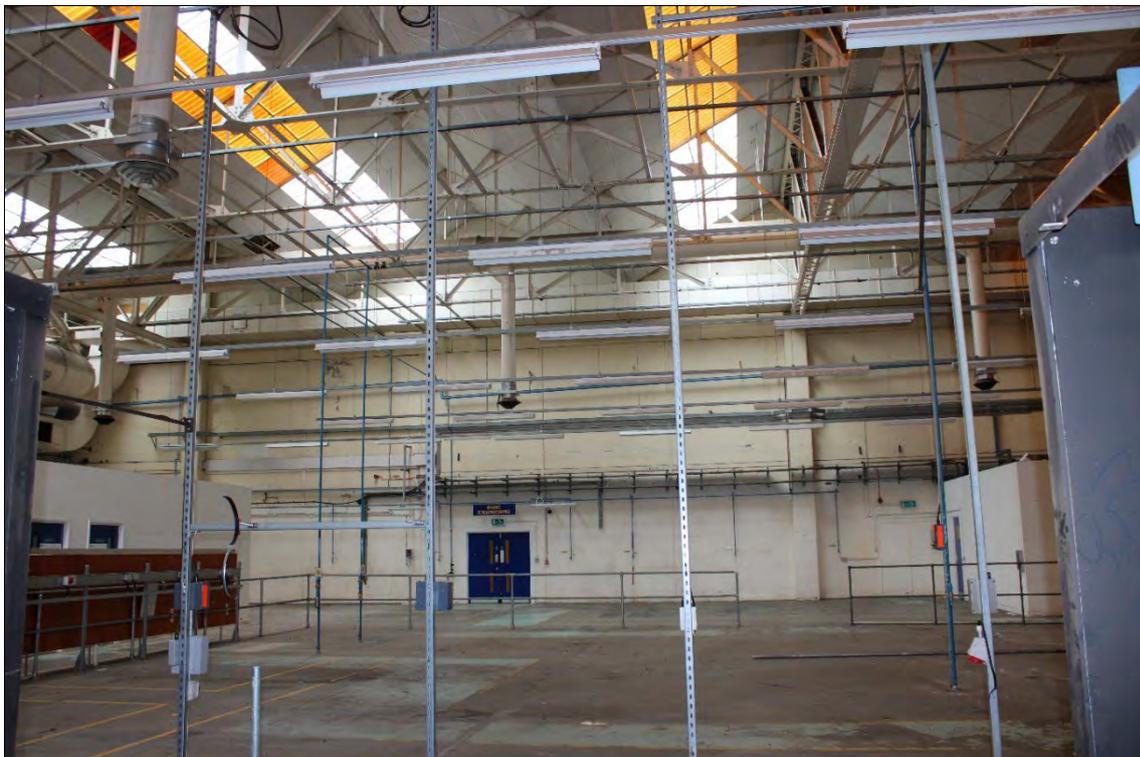

Plate 377. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View of the east elevation main partition wall with doorway to Zone 4. View to east

Plate 378. Bldg. 361 Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View of the east elevation main partition wall with doorway to Zone 4. View to east

Plate 379. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View of the south elevation rooms. View to southwest

Plate 380. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View of the west elevation with welding bays

Plate 381. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View of the doors to the Noisy Workshop. View to west

Plate 382. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Internal view to southeast of the Noisy Workshop showing window and door in the east elevation and blocked opening in the south elevation (stained)

Plate 383. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Internal view to north of the curtained entrances to the northwest (left) and shot blasting rooms (right)

Plate 384. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Internal view of west elevation of the northwest room. The panel probably offers access to the X-frame girder behind the wall

Plate 385. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Internal view of north elevation of the northwest room. View to northwest

Plate 386. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Internal view of north elevation of the shot blasting room. Two of the four troughs can be seen on the east wall. View to northeast

Plate 387. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Hand basins between the Noisy workshop and lobby. Note blocked doorway to the Noisy workshop to left of basins. View to north

Plate 388. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to northwest of the Pipe Bay room with electrical cabinet

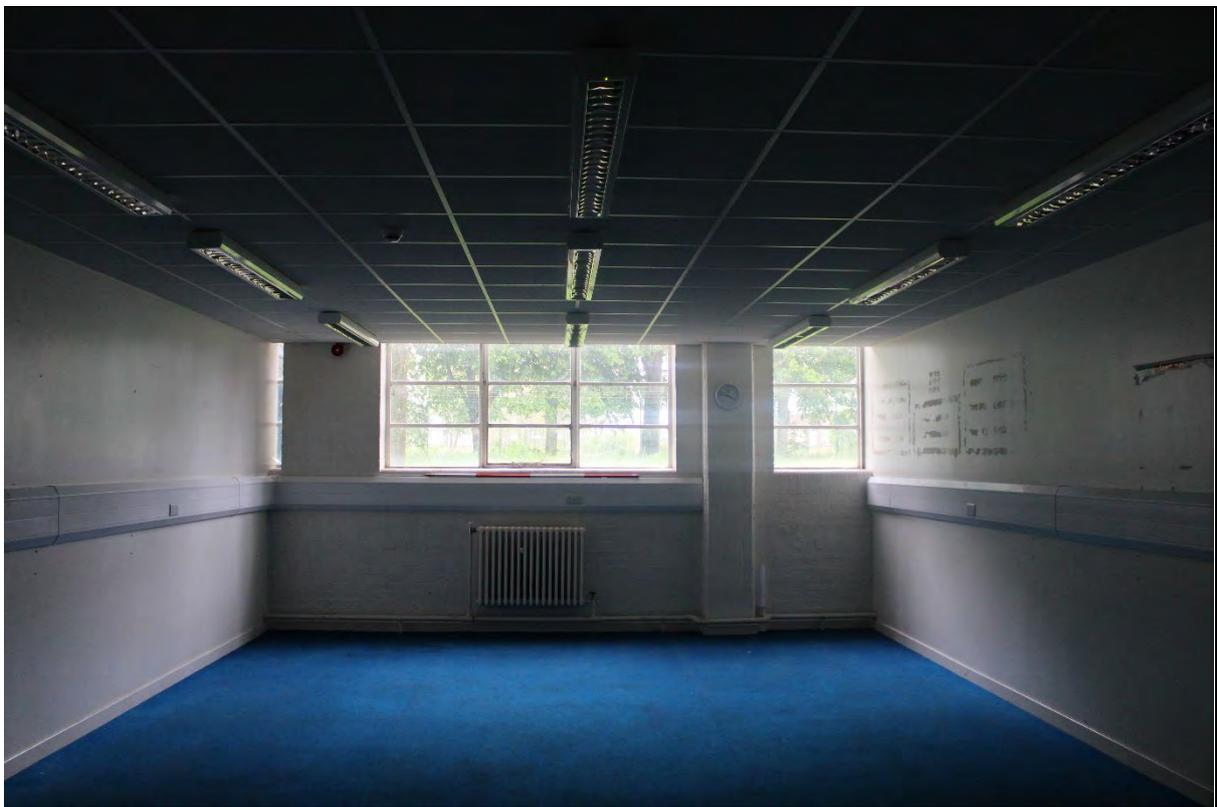

Plate 389. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to north of Basics One (classroom 5) room. Note windows intersected by partition walling

Plate 390. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to north of Basics Two (classroom 6) room.

Plate 391. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to north of the workshop space between the Basics Two room and the main (east) partition wall between Zones 5 and 4. Note the box and tube ventilation ducting from the fan house above the floorspace

Plate 392. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to east of the blocked opening in the east elevation with Zone 4 northwest adjacent to the Welding classroom

Plate 393. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to north of the electrical cabinet adjacent to the east elevation

Plate 394. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to west of the narrow space and electrical boxes between the Welding classroom and Office 1 in Zone 5 south

Plate 395. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to southeast of the compressed air cylinder in the corner of the electrical cabinet room

Plate 396. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to south of the opening to access the electrical boxes in the Welding room (Classroom 3)

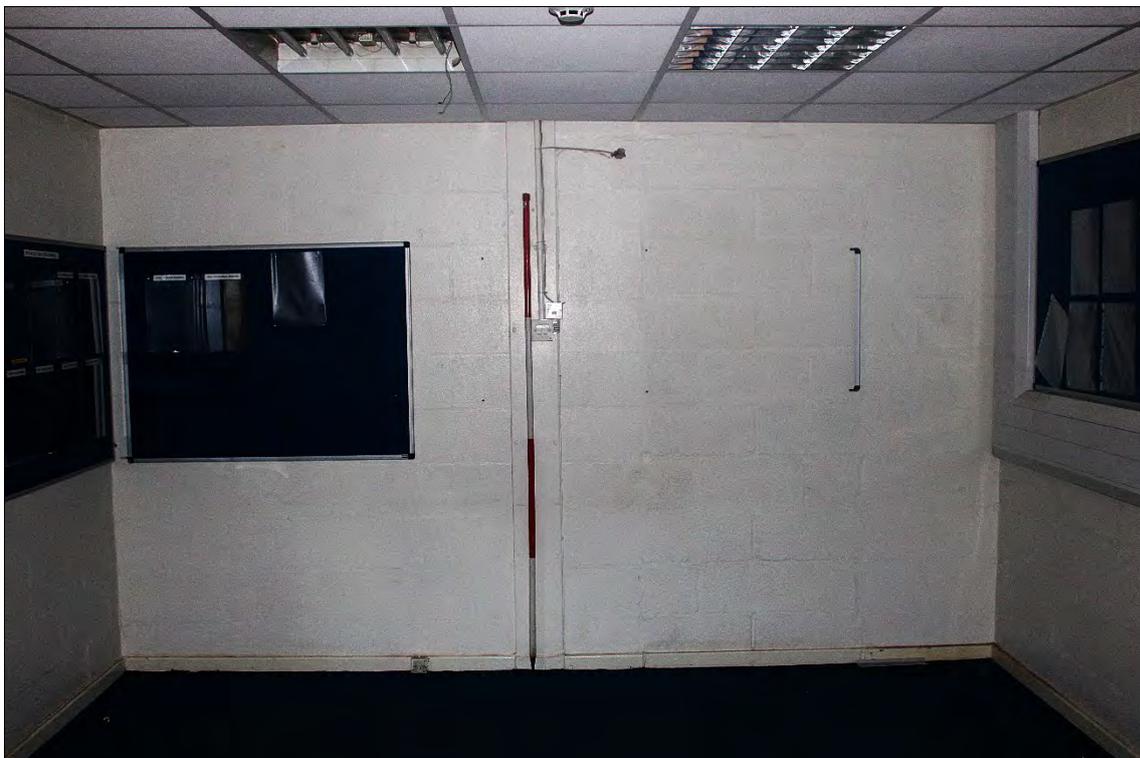

Plate 397. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to south of the blocked opening to Zone 5 south in Office 3 along the south elevation

Plate 398. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to northwest of the blocked opening to Sheet Metalwork room (Classroom 4) (left of scale) and door to the workshop

Plate 399. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Sheet Metalwork room (Classroom 4), view to east of the blocked opening to Office 3 partially masked by the open door

Plate 400. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Sheet Metalwork room (Classroom 4), view to northwest showing the blocked opening to the Pipe Bay (left of scale)

Plate 401. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Pipe Bay (Manual Pipe bending) room, view to southwest showing the unfinished ventilation piping

Plate 402. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Pipe Bay (Manual Pipe bending) room, view to northeast showing the boarded windows facing the workshop and blocked opening with the Sheet Metalwork room to right of scale

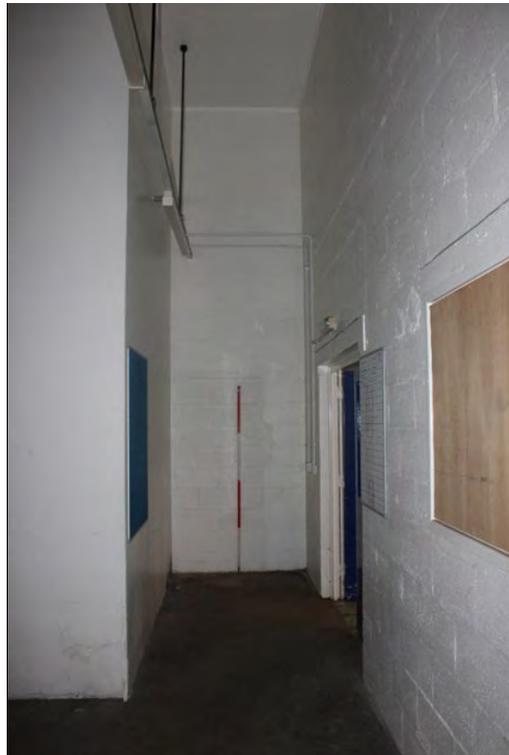

Plate 403. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Pipe Bay (Manual Pipe bending) room, view to west along the short access corridor with the doors to the room on the right and a blocked doorway with the Prep area behind the scale

Plate 404. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Prep area side room view to southeast showing unfinished ventilation piping

Plate 405. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. Prep area overhead crane space. View to south

Plate 406. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View from roof of the Pipe Bay to west of the unfinished ducting

Plate 407. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to north from roof of the Pipe Bay showing the Welding bays, lobby entrance and rooms in the northwest quadrant

Plate 408. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to northeast from roof of the Pipe Bay showing workshop floor

Plate 409. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to east from roof of the Pipe Bay showing rooms and opening between zones 5 along the south elevation

Plate 410. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to west of the doors in the west elevation

Plate 411. Bldg. 361. Workshops Training Flight (361A), EETF Workshop (361B). Zone 5 north, general metalwork. View to west of the Welding training bays

Plate 412. Bldg.377 Mech. Eng. Trg. Workshop. West half of north elevation with main door (left) and north section of the west elevation with modern vehicle bay. View to southeast

Plate 413. Bldg.377 Mech. Eng. Trg. Workshop. West half of north elevation with main west door and windows. View to south

Plate 414. Bldg.377 Mech. Eng. Trg. Workshop. East half of north elevation with main door and windows. View to south

Plate 415. Bldg.377 Mech. Eng. Trg. Workshop. East half of north elevation showing main east door, windows and fan house ventilation pipes. View to west

Plate 416. Bldg.377 Mech. Eng. Trg. Workshop. East elevation. View to southwest

Plate 417. Bldg.377 Mech. Eng. Trg. Workshop. South half of east elevation. View to west

Plate 418. Bldg.377 Mech. Eng. Trg. Workshop. East half of the south elevation showing main east door and upper windows blanked to prevent sunlight entering the workshop. View to east

Plate 419. Bldg.377 Mech. Eng. Trg. Workshop. Central section of the south elevation showing fan house, vents and blocked window openings. View to west

Plate 420. Bldg.377 Mech. Eng. Trg. Workshop. West half of the south elevation with abutting modern vehicle bay. View to east

Plate 421. Bldg.377 Mech. Eng. Trg. Workshop. Image showing the modern vehicle bay along the west elevation  
View to east

Plate 422. Bldg.377 Mech. Eng. Trg. Workshop. Image showing the modern vehicle bay entrance abutting the original west elevation. View to southeast

Plate 423. Bldg.377 Mech. Eng. Trg. Workshop. Image showing the fan house and vents entering the workshop on the north elevation. Bldg. 375 to right and linking corridor in background. View to west

Plate 424. Bldg.377 Mech. Eng. Trg. Workshop. East half of north elevation showing adaptation of the windows to form three doorways. View to southeast

Plate 425. Bldg.377 Mech. Eng. Trg. Workshop. Central section of the east elevation showing infilled hangar opening main roller shutter and side doors, windows and drainage channel in centre of doorway. View to west

Plate 426. Bldg.377 Mech. Eng. Trg. Workshop. South section of the east elevation showing ladder to roof level. View to west

Plate 427. Bldg.377 Mech. Eng. Trg. Workshop. West section of the south elevation showing infilled original doorway under the canopy, blocked window with secondary adaptation of lintel and doorway (visible in Classroom 10, Zone 3) to left of doorway, and door to the storeroom (far left). View to north

Plate 428. Bldg.377 Mech. Eng. Trg. Workshop. West section of the south elevation showing blocked window with secondary adaptation of lintel and doorway (right) door to the Zone 3 storeroom and double doors to the modern plant room part of the vehicle bay. View to north

Plate 429. Bldg.377 Mech. Eng. Trg. Workshop. Modern plant room pipework and compressed air cylinder. View to northeast

Plate 430. Bldg.377 Mech. Eng. Trg. Workshop. Modern plant room doorway, motor and equipment. View to southwest

Plate 431. Bldg.377 Mech. Eng. Trg. Workshop. Modern plant room equipment and vent in wall. View to west

Plate 432. Bldg.377 Mech. Eng. Trg. Workshop. West elevation north section showing ladder to roof level. View to east

Plate 433. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Workshops, general view to northeast of north elevation

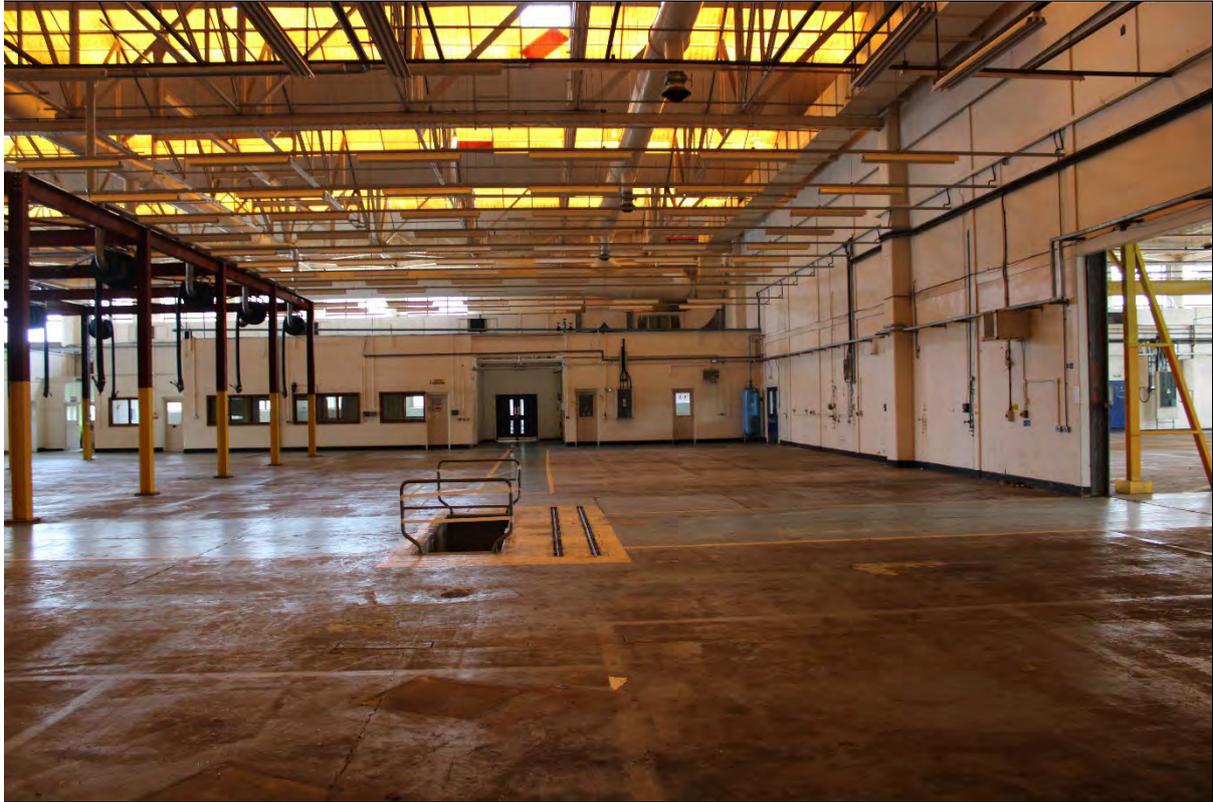

Plate 434. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Workshops, general view to north of north elevation

Plate 435. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Workshops, general view of east elevation

Plate 436. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Workshops, general view of east elevation

Plate 437. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Workshops, general view east half of south elevation

Plate 438. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Workshops, general view west half of south elevation

Plate 439. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Exterior of the four offices structure in the northwest.  
View to northwest, west lobby doors to right

Plate 440. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Corridor to the four offices View to west

Plate 441. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 2 general view to north

Plate 442. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 1 general view to north

Plate 443. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 1 X-frame bracing on west elevation

Plate 444. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 3 general view to west

Plate 445. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 3 general view to east and window to workshop

Plate 446. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 4 general view to south and window to workshop

Plate 447. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Entrance lobby with writing slope and sliding window (left). View south into workshop

Plate 448. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Entrance lobby east elevation with writing slope and sliding window. View to east

Plate 449. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 5 general view to north with sliding hatch to Office 6 (right)

Plate 450. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Corridor to Offices 6, 7 and 8. View to east

Plate 451. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 6 general view to north with sliding hatch to Office5 (left)

Plate 452. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 7 general view to south showing window and door

Plate 453. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 8 general view to north

Plate 454. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Entrance to the linking corridor. Office 8 to left and Office 9 to right. View to north

Plate 455. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 9 general view to north

Plate 456. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Doorways to Offices 9 and 11 from Office 10 general view to northeast

Plate 457. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 11 general view to north

Plate 458. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Office 11 general view to south and workshop

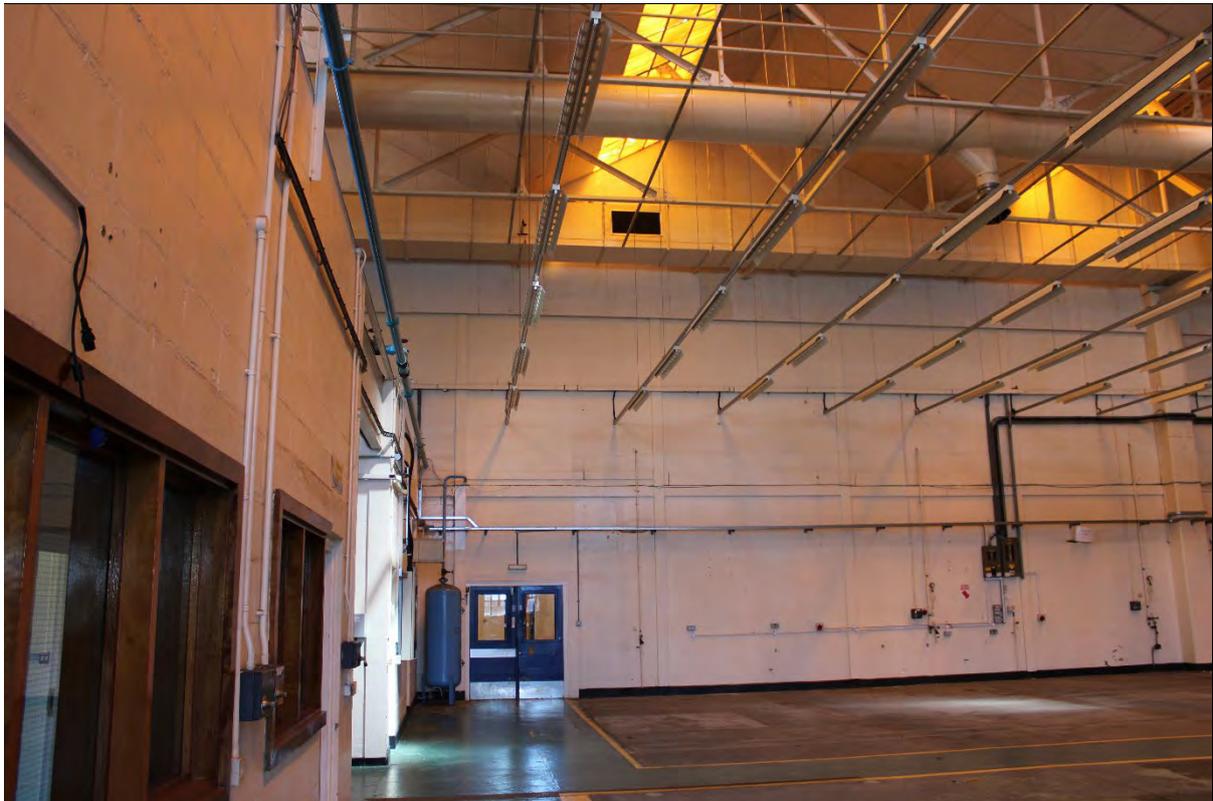

Plate 459. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. General view of east elevation and doorway to Zone 2

Plate 460. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Main doorway between Zones 1 and 2 in east elevation and Zone 2 main doorway beyond. Rolling road and beam setter in fireground. View to east

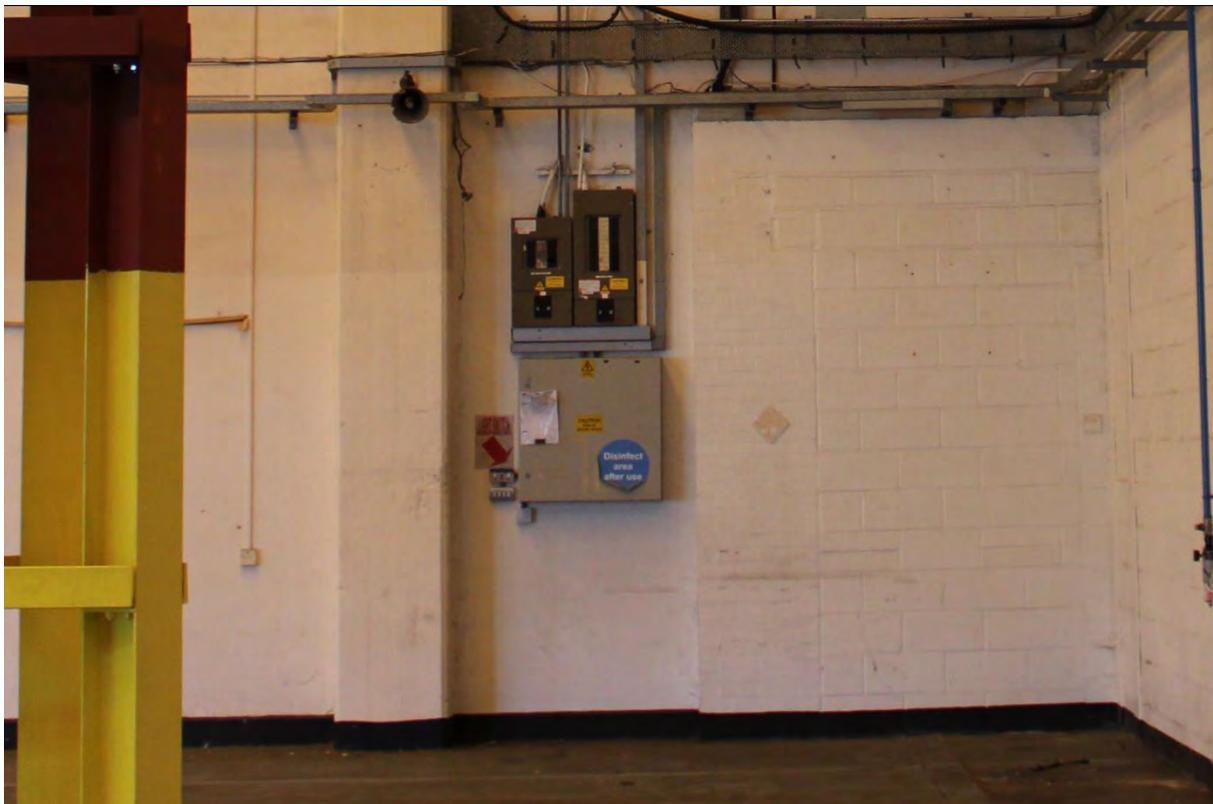

Plate 461. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Blocked opening in southeast corner of east elevation. View to east

Plate 462. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Three blocked openings in south elevation. View to southwest

Plate 463. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Eastern blocked opening in south elevation to Classrooms 5 and 6, Zone 3. View to south

Plate 464. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Central blocked opening to Classroom 6 Zone 3 in south elevation. View to south

Plate 465. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Western blocked opening to Classroom 7 Zone 3 in south elevation. View to south

Plate 466. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Blocked opening to Classroom 8, Zone 3 in south elevation. View to south

Plate 467. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Blocked opening to Classroom 8, Zone 3 in south elevation (left) and blocked opening to Classroom 8 between the cables in the west facing return. View to southeast

Plate 468. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Doorway in upper storey room in Zone 3 and doorway to main Zone 3 corridor in south elevation. View to south

Plate 469. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. View of south half of the west elevation. View to south

Plate 470. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Main and side doors in west elevation to and Zone 4.  
View to west

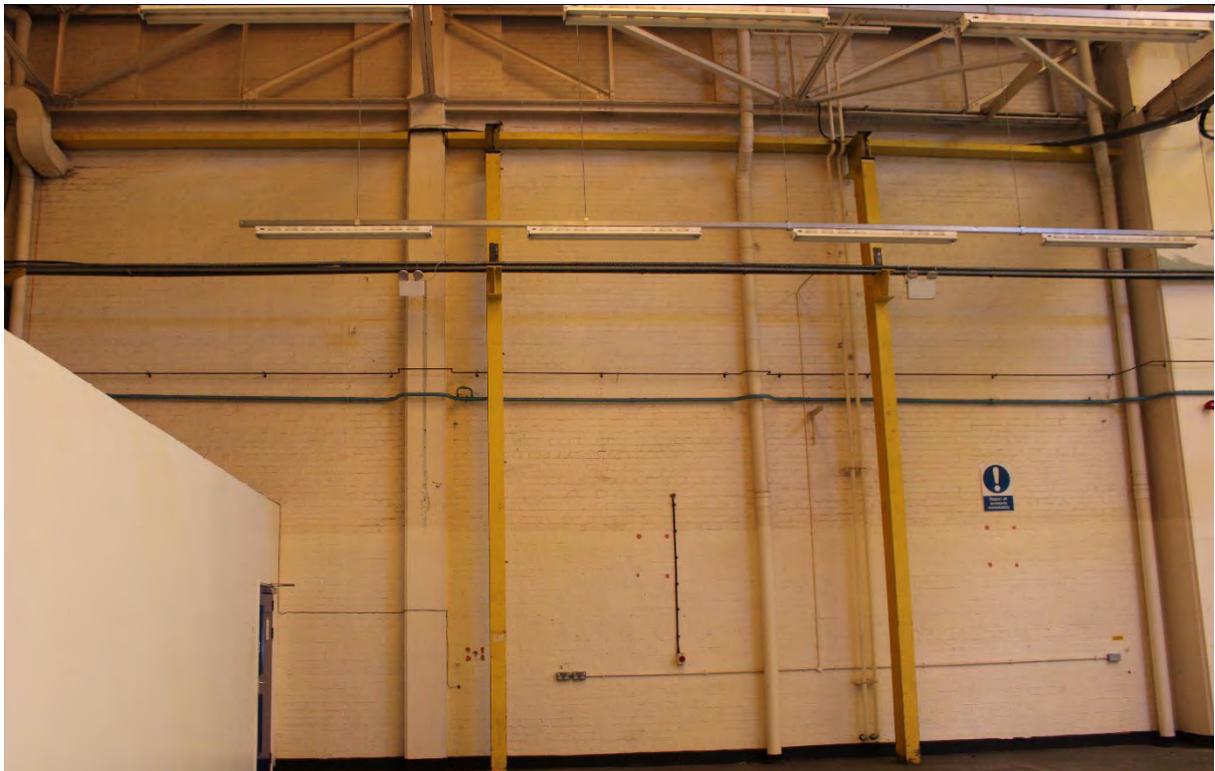

Plate 471. Bldg.377 Mech. Eng. Trg. Workshop. Zone 1. Redundant stanchions along west elevation. View to west
