

Plate 575. Bldg.371 Support Engineering Services (Bellman Hangar). East elevation showing typical Bellman stanchion. View to northeast

Plate 576. Bldg.371 Support Engineering Services (Bellman Hangar). East elevation showing typical Bellman stay unit associated with the stanchion and roof. View to north

Plate 577 Bldg.371 Support Engineering Services (Bellman Hangar). East elevation showing typical Bellman corner unit.

Plate 578. Bldg.371 Support Engineering Services (Bellman Hangar). Typical Bellman roof arch stays bolted to the trusses. Note alternate single stays and paired stays

Plate 579. Bldg.371 Support Engineering Services (Bellman Hangar). Inserted doorway in east elevation. View to east

Plate 580. Bldg.371 Support Engineering Services (Bellman Hangar). Inserted doorway in west elevation. View to west

Plate 581. Bldg.371 Support Engineering Services (Bellman Hangar). Inserted doorway in lobby, west elevation. View to west

Plate 582. Bldg.371 Support Engineering Services (Bellman Hangar). Modern roller shutter door in south elevation

Plate 583. Bldg.371 Support Engineering Services (Bellman Hangar). Modern side door in south elevation. View to south

Plate 584. Bldg.371 Support Engineering Services (Bellman Hangar). Modern portacabins used as offices in north half of hangar. View to north

Plate 585. Bldg.371 Support Engineering Services (Bellman Hangar). Modern small standalone portacabin used as an in north half of hangar. View to west

Plate 586. Bldg.371 Support Engineering Services (Bellman Hangar). Modern garage workshop in northeast quadrant of hangar. View to northeast

Plate 587. Bldg.371 Support Engineering Services (Bellman Hangar). General view of the North office. View to west

Plate 588. Bldg.371 Support Engineering Services (Bellman Hangar). Doorway to the west lobby from the North office. View to south

Plate 589. Bldg.371 Support Engineering Services (Bellman Hangar). General view of the southern room of the West office and doorway to the standalone cabin and workshop. View to southwest

Plate 590. Bldg.371 Support Engineering Services (Bellman Hangar). General view of the West office and doorway to the second smaller room to the north. View to north

Plate 591. Bldg.371 Support Engineering Services (Bellman Hangar). General view of the northern room of the West office and doorway to the west lobby. View to north

Plate 592. Bldg.371 Support Engineering Services (Bellman Hangar). General view of the standalone cabin. View to south

Plate 593. Bldg.371 Support Engineering Services (Bellman Hangar). General view to south from the west lobby with doorway and steps to north office of the West office and alcove (right) to the north fire door on the west. View to south

Plate 594. Bldg.371 Support Engineering Services (Bellman Hangar). General view to north from the west lobby with doorway and steps to the North office and doorway to the workshop (right)

Plate 595. Bldg.371 Support Engineering Services (Bellman Hangar). General view to southwest from the North lobby with doors to the garage (left) and double doors to the workshop (right)

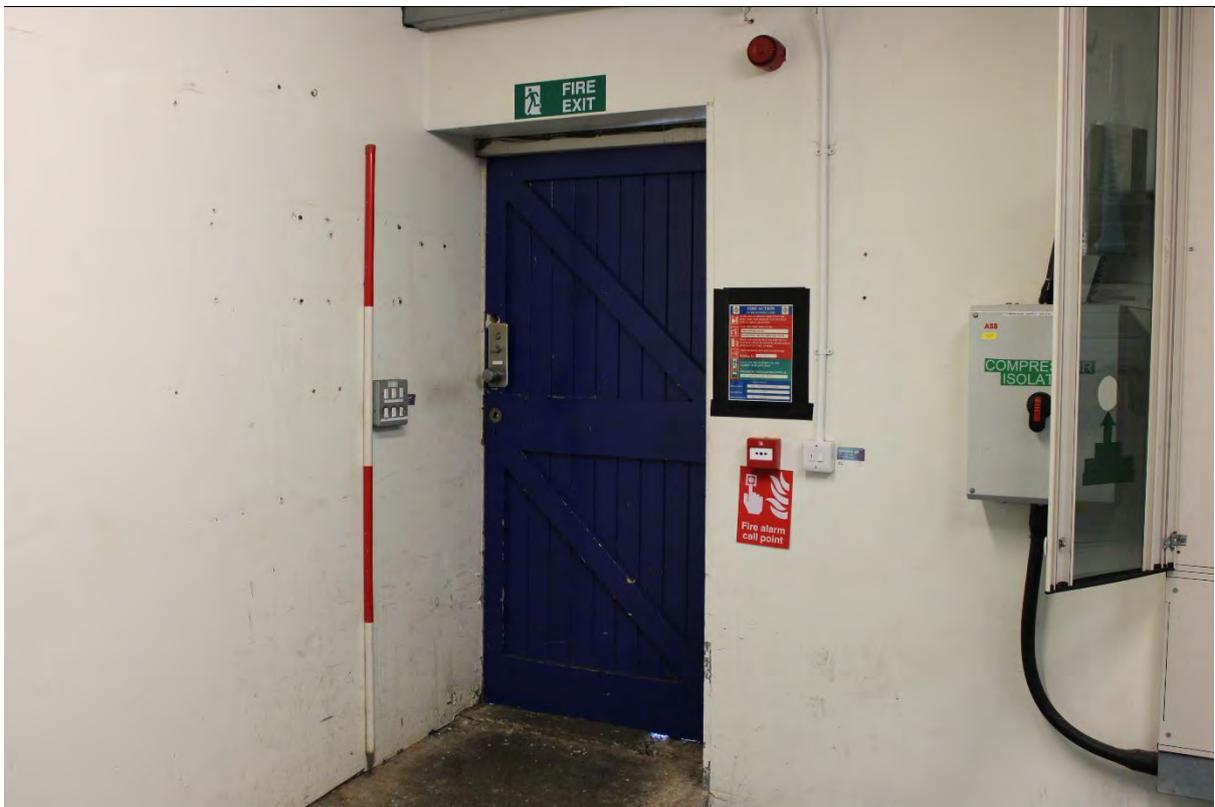

Plate 596. Bldg.371 Support Engineering Services (Bellman Hangar). General view to north from the North lobby to the main north elevation door (reduced in width from double doors by partition (left))

Plate 597. Bldg.371 Support Engineering Services (Bellman Hangar). South elevation of the garage workshop with roller shutter doors and side door. View to south

Plate 598. Bldg.371 Support Engineering Services (Bellman Hangar). North elevation of the garage workshop with side door to the North lobby and specialist equipment markings on wall. View to north

Plate 599. Bldg.371 Support Engineering Services (Bellman Hangar). Garage workshop floor showing outline of removed vehicle equipment. View to south

Plate 600. Bldg. 348. Ambulance garage east and north elevations. View to southwest

Plate 601. Bldg. 348. Ambulance garage north elevation. View to south

Plate 602. Bldg. 348. Ambulance garage north and west elevations. View to southeast

Plate 603. Bldg. 348. Ambulance garage west and south elevations. View to northeast

Plate 604. Bldg. 348. Ambulance garage south elevation. View to north

Plate 605. Bldg. 348. Ambulance garage south and east elevations. View to northwest

Plate 606. Bldg. 348. Internal view of ambulance garage northeast corner with the shutter doors and side door in the east elevation. View to northeast

Plate 607. Bldg. 348. Internal view of ambulance garage shutter doors and east half of the south elevation with flexible exhaust unit on wall. View to southeast

Plate 608. Bldg. 348. Internal view of ambulance garage southwest corner with door to the exterior (left) and door to the office suite (right). Loft hatch can be seen in the ceiling. View to southwest

Plate 609. Bldg. 348. Internal view of ambulance garage northwest corner with door to the exterior (left) and door to the office suite (right). Loft hatch can be seen in the ceiling. View to southwest

Plate 610. Bldg. 348. Photograph showing outline of former workshop equipment in garage floor. View to east

Plate 611. Bldg. 348. View to east from the garage doors

Plate 612. Bldg. 348. Short corridor to all rooms in office suite entrance lobby. View to north

Plate 613. Bldg. 348. Shower and hand basin in office suite WC. View to southwest

Plate 614. Bldg. 348. North window and wall of the small office room. View to north

Plate 615. Bldg. 348. West window and walls of the small office room. View to west

Plate 616. Bldg. 348. Kitchen facilities and door to ambulance garage workshop in the largest of the three office rooms. View to southeast

Plate 617. Bldg. 348. Door from the corridor and north facing window in the largest of the three office rooms. View to northwest

Plate 618. Bldg. 375. General view showing its setting between Bldg. 377 (left) and Bldg.361 (right). View to west

Plate 619. Bldg. 375. East elevation showing fire doors, windows and gable. Note ventilation pipes in the fan houses to the workshops behind to left and right. View to west

Plate 620. Bldg. 375. North elevation windows and roof. Corridor to right. View to southwest

Plate 621. Bldg. 375. South elevation windows and roof. Corridor to left. View to northwest

Plate 622. Bldg. 375. West elevation north side in plain brick and link to main corridor with window. Corridor to right. View to south

Plate 623. Bldg. 375. West elevation south side in plain brick and window in link to main corridor. Corridor to left. View to north

Plate 624. Bldg. 375. Main doorways to the rooms from the linking corridor to right. View to east

Plate 625. Bldg. 375. View to south along linking corridor to Bldg. 377. Bldg. 375 doorway on left

Plate 626. Bldg. 375. View north along linking corridor to Bldg. 361. Bldg. 375 doorway on right

Plate 627. Bldg. 375. North Crew Room (Cadet Mess). Partition and doorway to the Staff Mess on right. View to east

Plate 628. Bldg. 375. North Crew Room (Cadet Mess). Doorway to the corridor (left) and kitchen unit to right. View to west

Plate 629. Bldg. 375. South Crew Room (Staff Mess). Doorway to the Cadet Mess (left), cupboard housing water piping adjacent to the fire door and kitchen unit to right. View to east

Plate 630. Bldg. 375. South Crew Room (Staff Mess). Doorway to the corridor (right), corrugated roof and supporting beams above. View to west

Plate 631. Bldg. 355. View to northeast showing general setting. Bldg. 354 in background

Plate 632. Bldg. 355. North (rear) and east facing (Ladies WC) elevations. View to southwest

Plate 633. Bldg. 355. South (front) and east facing (Ladies WC) elevations. View to northwest

Plate 634. Bldg. 355. South (front) elevation and male WC entrances. View to north

Plate 635. Bldg. 355. South (front) elevation and west elevation. View to northeast

Plate 636. Bldg. 355. West male WC entrance and north elevation (left). View to west

Plate 637. Bldg. 355. 'Belfast' sink in storeroom off east entrance to main male WC. View to west

Plate 638. Bldg. 355. WC cubicles along north elevation in main male WC. Central partitions to left. View to northwest

Plate 639. Bldg. 355. Urinals and handbasins in main male WC. View to south

Plate 640. Bldg. 355. Handbasins along south elevation in main male WC. Centre partition to left, view to southeast

Plate 641. Bldg. 355. Handbasins and boiler on south elevation in main male WC. Partitions to right. View to west

Plate 642. Bldg. 355. Urinals in main male WC. View to northwest

Plate 643. Bldg. 355. Handbasins and passage to Male WC cubicles west side of building. View to north

Plate 644. Bldg. 355. Male WC cubicles on west side of building. View to north

Plate 645. Bldg. 355. Hand basins in male WC on west side of building. View to west

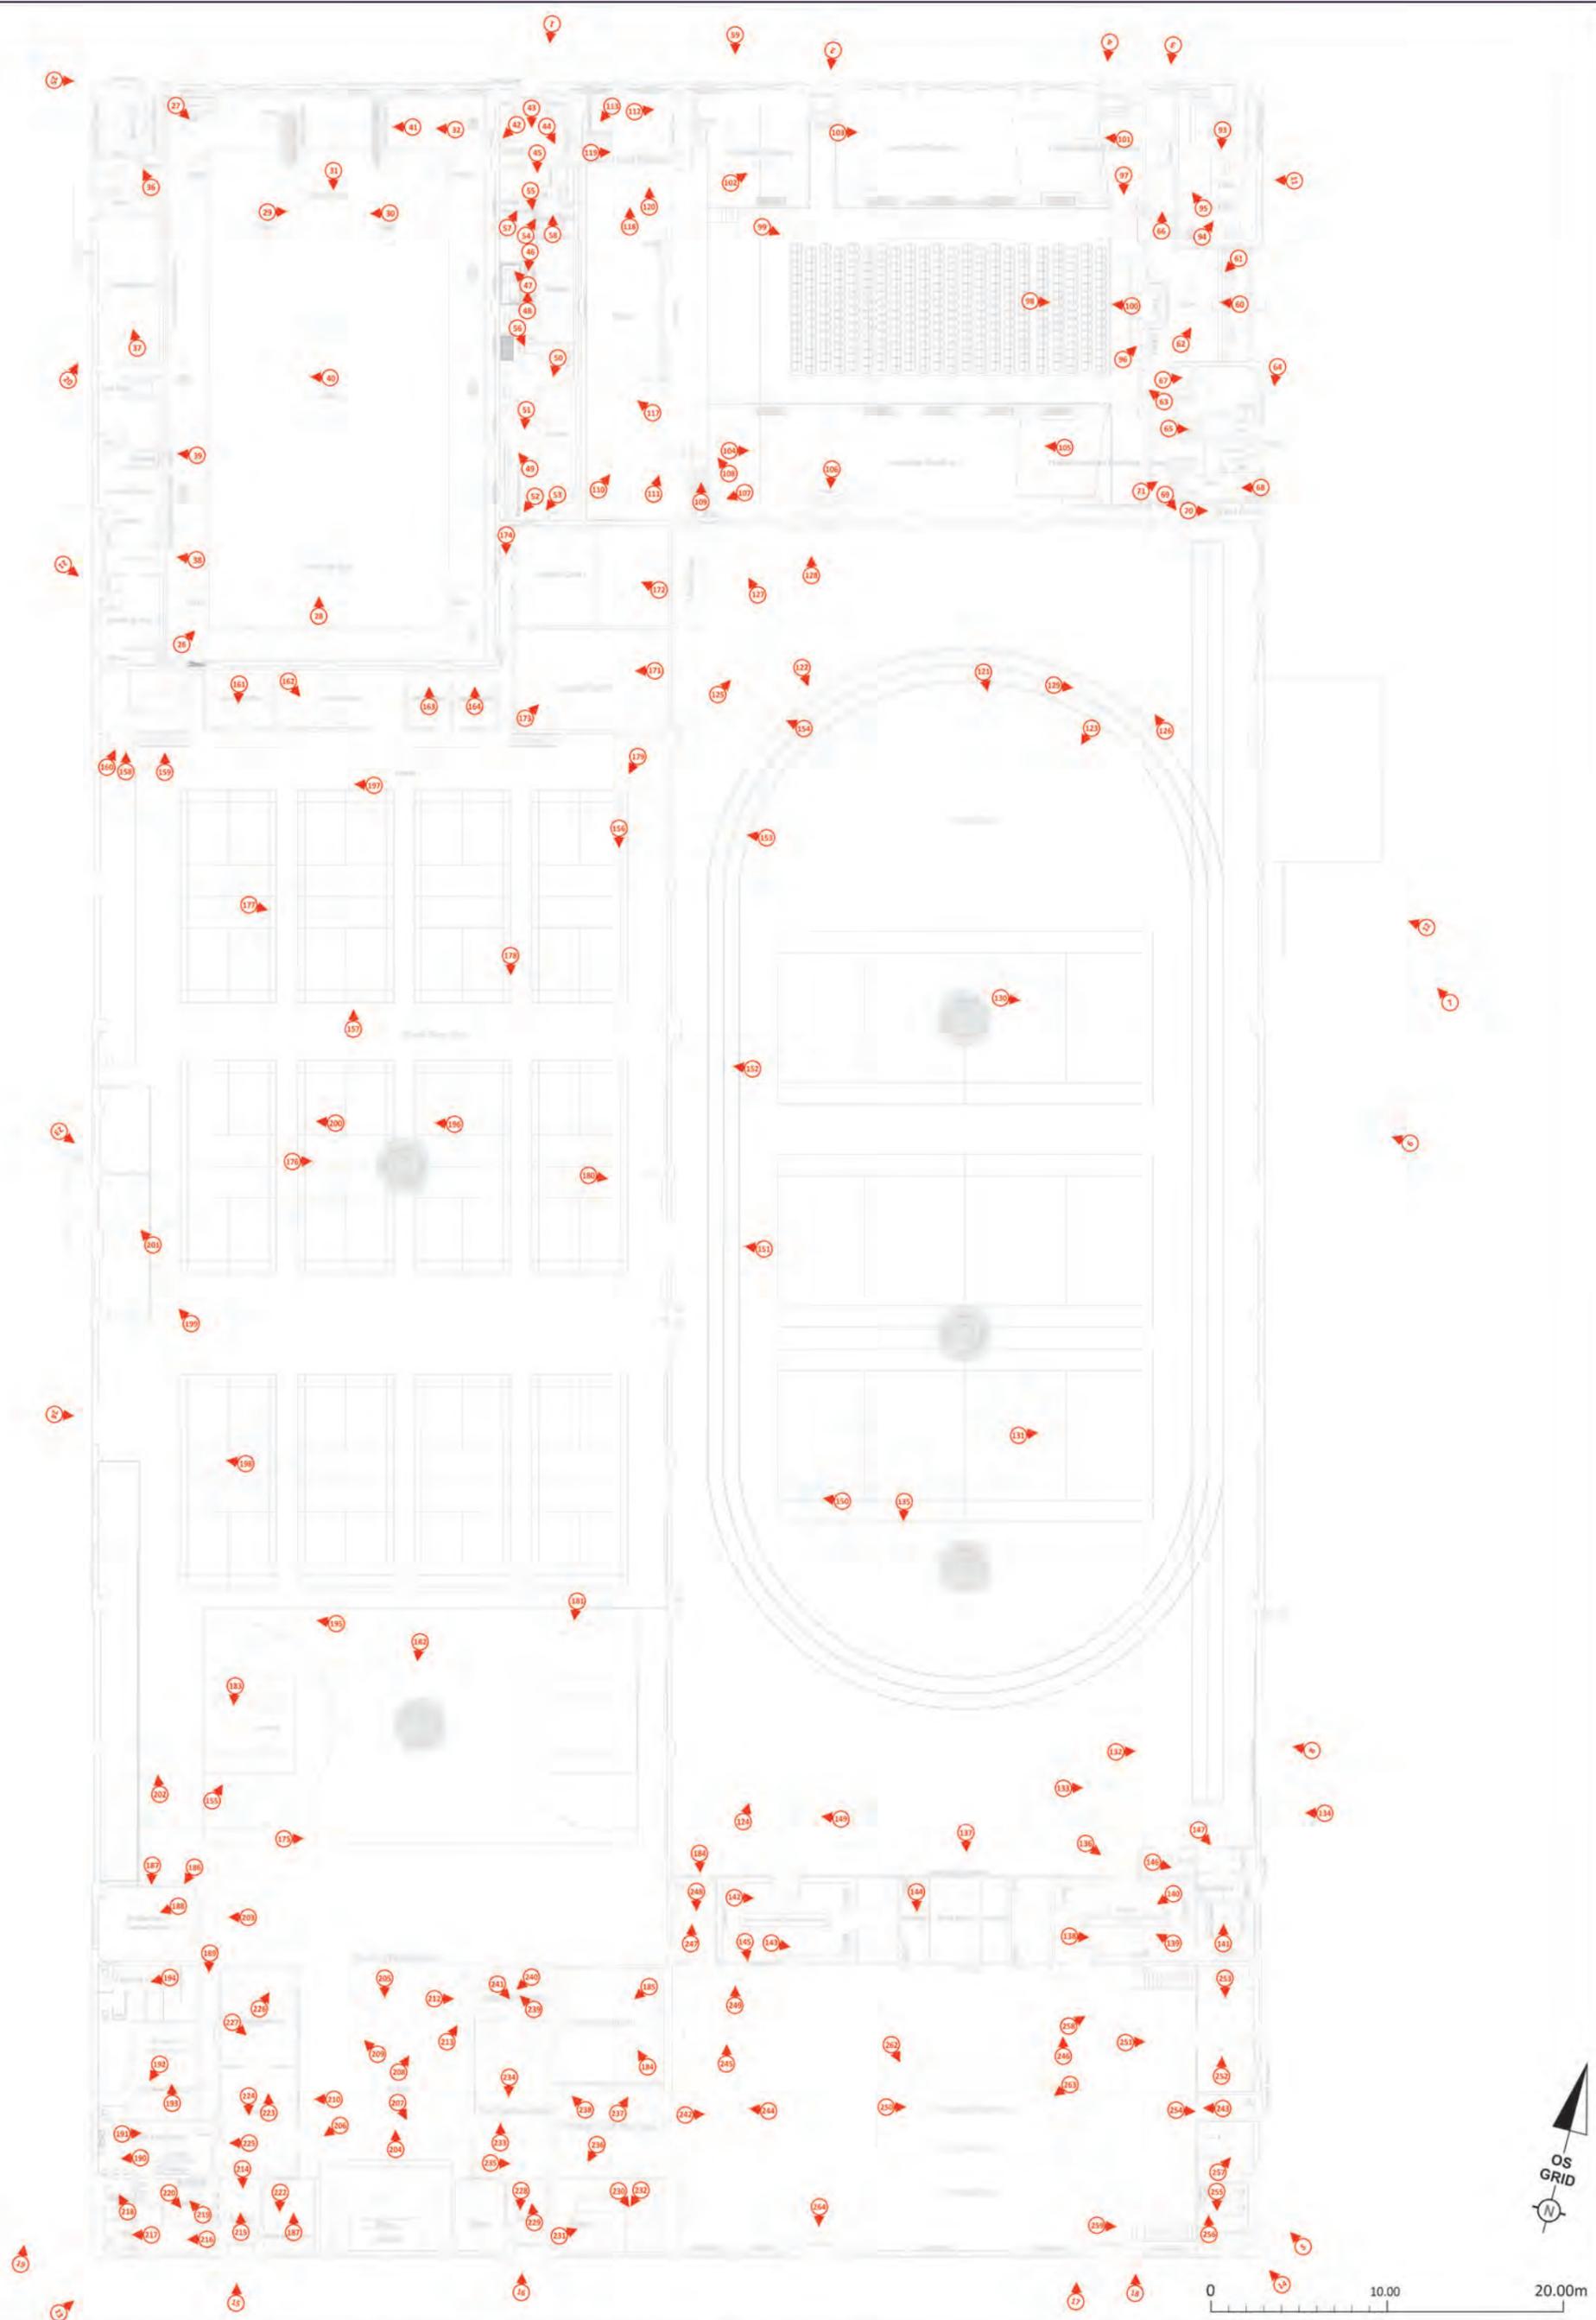

Plate 646. Bldg. 355. Urinals in male WC on west side of building. View to west

Plate 647. Bldg. 355. Female WC with hand basin on east side of building. View to south.

Plate 648. Bldg. 355. Female WC on east side of building. View to north
